THE NEW LARGE RED GOOSEBERRY  
**RED JACKET.**

"As large as the largest, berry smooth; very prolific and hardy, quality and foliage the best. For seven years it has stood close to Industry, Triumph, Crown Bob, White Smith, Smith's Improved, Downing, and a dozen other (English) sorts, and while all these have mildewed more or less in leaf and fruit, mildew has never yet appeared on Red Jacket. We need this gooseberry, which can be grown in our own country, to take the place of Industry, which mildews so much that neither plants nor fruit can be grown except occasionally in a very few localities in America, which is the reason why most Industry plants are imported from England by our nurserymen."
